

Job Title:

Layer Farm Supervisor (Entry-Level)

Location:

Palladam Puliampatti, Tiruppur District, Tamil Nadu

Employment Type:

Full-time

Job Summary:

Chandrans Poultry Farm Limited, a progressive and growing company engaged in commercial layers, chicks and growers, and poultry feed production, is seeking a motivated **Layer Farm Supervisor** to join our team. This is an excellent opportunity for **freshers** or recent graduates who are passionate about poultry farming and want to build a rewarding career in the livestock sector.

The Layer Farm Supervisor will assist in overseeing day-to-day farm operations and report directly to the Farm Manager. You will be trained on farm routines, bird welfare, egg production, biosecurity practices, and more.

Key Responsibilities:**Farm Operations Support**

- Assist in daily routines such as feeding, watering, and egg collection.
- Help monitor the health and condition of the poultry flock.
- Ensure cleanliness and basic upkeep of poultry houses and equipment.

Animal Welfare & Biosecurity

- Learn and follow biosecurity protocols to prevent disease spread.
- Support the safe and humane handling of birds.

Record Keeping

- Maintain basic records related to production, feed, and flock health.
- Support data entry and reporting under the guidance of the farm manager.

Team Collaboration

- Work closely with farm workers and contribute to a positive team environment.
- Participate in on-the-job training sessions and apply learning proactively.

Facility & Inventory Support

- Report maintenance issues and assist in keeping the farm premises tidy and functional.
- Help monitor feed and supply inventory levels.

Qualifications:

- **Education:** Diploma or degree in Animal Science, Agriculture, Poultry Science, or a related field is preferred.
- **Experience:** No prior experience required; **freshers are encouraged to apply.**
- Willingness to work in a rural, hands-on farming environment.

Skills and Attributes:

- Eagerness to learn and grow within the poultry farming industry.
- Basic knowledge of poultry or animal husbandry (training will be provided).
- Good communication and observational skills.
- Reliable, hardworking, and able to follow instructions.

Physical Requirements:

- Comfortable working in a farm setting with exposure to dust, noise, and weather.
- Physically fit and able to perform tasks involving lifting, standing, and bending.

Application Closing Date:**31st August 2025****How to Apply:**

Interested candidates should email their **resume** and **cover letter** to:
